Independent Auditor's Report

Board of Directors Indian Health Center of Santa Clara Valley San Jose, California

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Indian Health Center of Santa Clara Valley, ("IHCSCV"), which comprise the balance sheets as of June 30, 2023, and 2022, and the related statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of IHCSCV as of June 30, 2023, and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IHCSCV and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IHCSCV's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IHCSCV's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IHCSCV's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2024 on our consideration of IHCSCV's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IHCSCV's internal control over financial reporting and compliance.

See accompanying Notes to the Financial Statements

Note 1: Nature of Operations

Indian Health Center of Santa Clara Valley ("IHCSCV") is a California nonprofit community based organization that helps ensure the survival of American Indian Families and the local community by providing quality health care and wellness services by supporting the healing process, by encouraging, educating, and empowering its clients in seeking and maintaining wellness and enhancing their quality of life, and by facilitating the equity and accessibility of comprehensive health care for the American Indian community. The services IHCSCV provides include medical, dental, counseling, community health services, and women, infant, and children (WIC) nutrition programs. The majority of IHCSCV's funding is from Federal, California and County of Santa Clara grants and programs. IHCSCV provides the following comprehensive, culturally competent services:

- Medical Services: A full range of primary health services for low-income children, families, and adults including general medical care, immunization, comprehensive prenatal and postnatal care, cancer prevention and screening, chronic disease management, and geriatric health services.
- Dental Services: A full range of restorative, preventive, and general dentistry services.
- Nutrition Services WIC (Woman-Infant-Children): Food vouchers, nutrition counseling, and breastfeeding support for low-income women and their children.
- Counseling Services: Individual and group mental health counseling, psychiatric care, a state certified outpatient substance abuse program, and traditional American Indian ceremonies and gatherings.
- Community Wellness Services: Health education, an award-winning and evidence-based diabetes prevention program, fitness in a state-of-the-art facility, nutrition counseling, case management, community outreach, and integrated wellness and medical services.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting:

IHCSCV prepares its financial statements on the accrual basis of accounting recognizing revenues when earned and expenses when incurred.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles require the use of management estimates and assumptions that affect certain reported amounts of assets and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, support and expenses during the accounting period. Actual results could differ from those estimates and disclosures in these financial statements. The most significant estimates relate to estimated third-party payor settlements, depreciation and amortization, and allowance for doubtful accounts on patient accounts receivable and grants and contributions receivable.

Note 2: Summary of Significant Accounting Policies (Continued)

Financial Statement Presentation:

The accompanying financial statements are presented on the basis of net assets without donor restrictions and net assets with donor restrictions. Accordingly, net assets of IHCSCV and changes therein are classified and reported as follows:

<u>Net assets without donor restrictions</u>: Net assets that are currently available for use and are not subject to donor-imposed stipulations.

<u>Net assets with donor restrictions</u>: Net assets subject to donor-imposed stipulations that may or will be met, either by actions of IHCSCV and/or the passage of time. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of operations as net assets released from donor restrictions. Donor-restricted contributions whose restrictions expire during the same fiscal year are recognized as revenue without donor restrictions.

Cash and Cash Equivalents:

IHCSCV considers all highly liquid instruments, other than those limited as to use, with original maturities of three months or less to be cash equivalents. Of the cash balance as of June 30, 2023, \$1,423,057 was covered by federal depository insurance and \$3,501,204 was uninsured.

Investments:

Investments consist of certificate of deposits with maturities of more than three months at the date of acquisition.

Patient Accounts Receivable:

Accounts receivable are recorded at amounts that reflect the consideration to which IHCSCV expects to be entitled in exchange for providing patient care. In evaluating the collectability of patient accounts receivable, IHCSCV regularly analyzes its history and identifies and reviews trends for each of its major payor sources of revenue to estimate appropriate and sufficient implicit and explicit price concessions reflected in patient accounts receivable.

For receivables associated with services provided to patients who have third-party coverage, IHCSCV analyzes contractually due amounts and provides additional implicit and explicit price concessions, if necessary, based upon historical collection history for deductibles and copayments on accounts for which the third-party payer had not yet paid, or for remaining payer balances.

For receivables associated with self-pay patients, which include both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill, IHCSCV records a significant implicit price concession in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated or provided by policy) and the amounts actually collected after all reasonable collection efforts have been exhausted is reflected as a reduction in patient accounts receivable.

Note 2: Summary of Significant Accounting Policies (Continued)

Property and Equipment:

Property and equipment are stated at cost at the date of acquisition less accumulated depreciation and amortization. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 20 years. Leasehold improvements are amortized over the shorter of the term of the lease or useful life of the improvement usually over 7 years. Repairs and maintenance are expensed as incurred while major improvements that extend the useful life of an asset are capitalized.

Upon sale or retirement of property and equipment, the costs and related accumulated depreciation and amortization from the accounts are removed. Any resulting gains and losses are included in the determination of changes in net assets. Items received by donation, gift or bequest are stated at fair value at the date of donation. IHCSCV capitalizes items with costs greater than or equal to \$5,000. Assets purchased with government grants are expended in accordance with government program guidelines.

Revenues and Support:

Net patient service revenue is reported at the amount that reflects the consideration to which IHCSCV expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payers (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, IHCSCV bills the patients and third-party payers several days after the services are performed. Revenue is recognized as performance obligations are satisfied.

IHCSCV provides medical, dental, and mental health services to eligible patients at a discounted rate or for a nominal fee, based on eligibility determined by the patient's household size and income.

IHCSCV has agreements with Santa Clara County to provide a comprehensive range of professional health care and social services. Under the agreements, IHCSCV received monthly capitation payments based on the number of participants, regardless of the services actually performed by IHCSCV. Capitation payments are recognized as capitation revenue during the period in which IHCSCV is obligated to provide services to participants. IHCSCV also receives interim payments from the Medi-Cal program. These payments are reconciled on an annual basis to insure IHCSCV ultimately receives the established Medi-Cal payment rate for all visits under these contracts.

Government grant revenue is funded primarily by Federal, State, and County grants which generally limit the use of such funds to cover the operating expenses directly related to providing primary care services under contracts and grants. IHCSCV recognizes revenues from grants and contracts to the extent of expenditures incurred but not exceeding the actual grant and contract awards. These grants are recognized as revenues over the periods specified in the related grant award agreements or as earned.

Contributions that have been received for a specified purpose but have not yet been spent are classified as net assets with restrictions. When the services are rendered, net assets with restrictions are reclassified to net assets without restrictions and reported in the statement of activities as net assets released from restriction.

Note 2: Summary of Significant Accounting Policies (Continued)

Income Tax Status:

IHCSCV is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from California franchise taxes under Section 23701(d) of the Revenue and Taxation Code. It is only required to submit annual federal and state information returns and no provision for Federal and State income taxes is required. IHCSCV has adopted the accounting guidance related to uncertain tax positions, and has evaluated its tax positions and believes that all of the positions taken by IHCSCV in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination.

IHCSCV's returns are subject to examination by federal and state taxing authorities generally for three years (federal) and four years (state) after they are filed.

Fair Value Measurements:

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. IHCSCV determines the fair values of its assets and liabilities based on a fair value hierarchy that includes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). This hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels:

- <u>Level 1</u>: quoted market prices are available in active market for identical assets or liabilities as of the reporting date. Certificate of deposits held by IHCSCV are considered to be level 1 investments.
- <u>Level 2</u>: pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.
- <u>Level 3</u>: pricing inputs are unobservable and shall be used to measure fair value to the extent that observable inputs are not available. The inputs into the determination of fair value are based upon the best information available and require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Recently Adopted Accounting Pronouncement:

In February 2016, the FASB issued Accounting Standards Update "ASU" No. 2016-02, *Leases* (Topic 842), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. IHCSCV has adopted ASU 2016-02 for the year beginning July 1, 2022 using the modified retrospective approach. The adoption of ASU 2016-02 also included additional disclosure requirements.

Subsequent Events:

IHCSCV has evaluated events and transactions that occurred after June 30, 2023, and through March 1, 2024, the date the financial statements were available to be issued.

Note 2: Summary of Significant Accounting Policies (Continued)

In-kind Contributions:

IHCSCV receives significant in-kind contributions of time and pro bono services from members of the community and volunteers related to program operations, special events, and fund-raising campaigns. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by IHCSCV. Donated supplies are based on the fair market value at the time of donation. IHCSCV recognizes in-kind contribution revenue and a corresponding expense at the time of the donation. IHCSCV received the following in-kind contributions for the years ending June 30, 2023 and 2022:

| | 2023 | 2022 |
|------------------|--------------|--------------|
| Donated supplies | \$ 1,053,151 | \$ 1,298,847 |

Donated supplies are valued based on the reported costs of the vaccines from the State of California for the Vaccine for Children and Vaccine for Adults programs.

All donated services and assets were utilized by IHCSCV's programs and supporting services. There were no donor-imposed restrictions associated with the donated services and assets.

Note 3: Investments

Investments include the following at June 30, 2023 and 2022:

| | 2023 | 2022 |
|-------------------------|------------|------------|
| Certificates of deposit | \$ 937,468 | \$ 935,117 |

Investment income is primarily comprised of interest income, which amounted to \$42,126 and \$10,675 For the years ended June 30, 2023 and 2022.

Note 4: Patient Service Revenue, Net

Performance obligations are determined based on the nature of the services provided by IHCSCV. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. IHCSCV believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

Because all of its performance obligations relate to contracts with a duration of less than one year, IHCSCV has elected to apply the optional exemption provided in FASB ASC Topic 606-10-50-14a and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

IHCSCV determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with IHCSCV's sliding fee policy, and implicit price concessions provided to uninsured patients. IHCSCV determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policies, and historical experience. IHCSCV determines its estimate of implicit price concessions based on its historical collection experience with this class of patients.

Effective with the adoption of ASU 2014-09 on July 1, 2020, for changes in credit issues not assessed at the date of service, such as a payor files for bankruptcy or a patient defaults on a payment plan, IHCSCV recognizes these write-offs as bad debt expense, which is presented on the accompanying statements of operations and changes in net assets as a component of other expenses.

IHCSCV is approved as a Federally Qualified Health Center ("FQHC") for both Medicare and Medi-Cal reimbursement purposes. IHCSCV has agreements with third-party payors that provide for payments to IHCSCV at amounts different from its established rates. These payment arrangements include:

Medicare: Covered services rendered to Medicare program beneficiaries are paid based on a prospective payment system (PPS). Medicare payment under the FQHC PPS are 80% of the lesser of the health center's actual charge or the applicable PPS rate (patient coinsurance will be 20% of the lesser of the health center's actual charge or the applicable PPS rate). Accordingly, to the extent a health center's charge is below the applicable PPS rate, Medicare FQHC reimbursement can be limited.

Medi-Cal: Covered services rendered to Medi-Cal beneficiaries are paid under a Prospective Payment System, using rates established by IHCSCV's "Base Years" - fiscal years ended December 31, 2000 and 1999 cost reports filed under the previous cost-based reimbursement system. These rates are adjusted annually according to changes in the Medicare Economic Index and any approved changes in IHCSCV's scope of service. IHCSCV is required to file a payment reconciliation report with the state. In the opinion of management, any reconciliation settlement of the payment reconciliation will not materially affect the financial statements of IHCSCV.

Other: Payments for services rendered to those payors other than Medicare or Medi-Cal are based on established rates or on agreements with certain commercial insurance companies, health maintenance organizations and preferred provider organizations which provide for various discounts from established rates.

Note 4: Patient Service Revenue, Net (Continued)

As of June 30, the following table reflects the net patient service revenue by major payor groups:

| | 2023 | | 2022 | |
|-----------------------------|------|------------|------|------------|
| Medicare | \$ | 325,776 | \$ | 801,748 |
| Medi-Cal | | 13,258,508 | | 15,894,273 |
| Other third-party payors | | 2,071,412 | | 1,373,765 |
| Private pay | | 942,257 | | 296,552 |
| Net patient service revenue | \$ | 16,597,953 | \$ | 18,366,338 |

Laws and regulations concerning government programs, including Medicare and Medi-Cal, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various health care organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge IHCSCV's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon IHCSCV. In addition, the contracts IHCSCV has with commercial payors also provide for retroactive audit and review of claims.

Settlements with third-party payors for retroactive revenue adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and IHCSCV's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations.

IHCSCV has recorded an estimated third-party payor receivable of \$153,757 and \$202,512 as of June 30, 2023 and 2022, respectively, and estimated third-party payor liabilities of \$5,810,720 and \$6,612,228 as of June 30, 2023 and 2022, respectively. These balances comprise estimated settlements due to PPS Reconciliation Requests. Management periodically evaluates estimated third-party payor settlements based on the current information available and believes the final settlements will not materially affect the financial statements of IHCSCV.

Note 5: Grants and Contributions Receivable

Grants and contributions receivable were comprised of the following at June 30, 2023 and 2022:

| | 2023 2022 | | |
|--|--------------|--------------|--|
| County of Santa Clara | \$ 312,908 | \$ 398,659 | |
| Federal – Indian Health Services | 118,156 | 53,235 | |
| Federal – HRSA Section 330 Grant | 196,259 | 171,209 | |
| Federal – Women, Infants, and Children Program | 238,126 | 135,995 | |
| HRSA-ARPA, H8F, C8E | 250,255 | 111,505 | |
| Others | 433,295 | 235,294 | |
| Total | \$ 1,548,999 | \$ 1,105,897 | |

Note 6: Property and Equipment

Property and equipment at June 30, 2023 and 2022 was comprised of the following:

| | 2023 | |
|------------------------------------|---------------|---------------|
| Land and land improvements | \$ 6,485,126 | \$ 6,485,126 |
| Building and building improvements | 6,532,127 | 6,532,127 |
| Leasehold improvements | 9,946,683 | 9,940,483 |
| Furniture and equipment | 1,448,563 | 870,615 |
| Computer equipment | 399,407 | 399,407 |
| Software | 1,170,131 | - |
| Vehicles | 740,583 | 698,814 |
| Construction in progress | 1,635,352 | 1,186,891 |
| Subtotal | 28,357,972 | 26,113,463 |
| Accumulated depreciation | (10,512,601) | (9,267,018) |
| Total | \$ 17,845,371 | \$ 16,846,445 |

Depreciation and amortization expense for the years ending June 30, 2023 and 2022 was \$1,245,583 and \$1,014,302. As of June 30, 2023, remaining commitments related to ongoing construction contracts was approximately \$2,081,771.

Note 7: Concentration of Credit Risk

Financial instruments that potentially subject IHCSCV to concentrations of credit risk are primarily cash and cash equivalents and investments. IHCSCV deposits its cash accounts with several financial institutions, which are insured by the Federal Deposit Insurance Corporation up to legal limits. IHCSCV places its cash deposits with high-credit, quality financial institutions and has certificate of deposit placement programs with one financial institution, which, by policy, limit its credit exposure. IHCSCV has not experienced any losses in such accounts and believes it is not exposed to significant credit risk.

Indian Health Center of Santa Clara Valley operates several locations within the Santa Clara County in California and provides services to patients who reside in these local geographic areas. IHCSCV grants credit without collateral to its patients and third-party payors. Patient accounts receivable from the government agencies administering the Medicare and the Medi-Cal programs and private insurance companies administering the Medi-Cal Managed Care programs represent the only concentrated group of credit risk for IHCSCV and management does not believe that there are significant credit risks associated with these agencies and private insurance companies. Other contracted and private pay patient receivables consist of payors and individuals involved in diverse activities, subject to differing economic conditions and does not represent any concentrated risks to IHCSCV. Significant concentrations of net patient accounts receivable as of June 30, 2023 and 2022 were as follows:

| | 2023 | 2022 |
|--------------------------|------|------|
| Medi-Cal | 96% | 53% |
| Medicare | 1% | 8% |
| Other third-party payors | 1% | 35% |
| Self pay | 2% | 4% |
| | 100% | 100% |

For the years ended June 30, 2023 and 2022, IHCSCV received \$4,170,224 and \$3,601,590 in Community Health Center grants from the Department of Health and Human Services, which represents 11% and 10% of the total revenue received.

Note 8: Notes Payable

Notes payable are detailed as follows:

| | 2023 | 2022 |
|---|-----------------|--------------|
| <u>First Republic Bank</u> – Loan dated May 1, 2022 for \$4,412,955 with fixed interest rate of 3%. 360 monthly principal and interest payments of \$18,674 until maturity on May 1, 2052. The note's purpose is to refinance the prior notes used to purchase the commercial properties located at 1118-1130 Meridian Avenue and | | |
| 2039 Forest Avenue. Secured with IHCSCV property. | \$ 4,305,247 | \$ 4,396,856 |
| <u>Vehicle Loan</u> – The loan of \$27,739 bears interest at 6.99% per annum with monthly principal and interest payments of \$549.14 and | | |
| matures on June 1, 2025. | 10,218 | 14,865 |
| T-4-11 4 1-14 | 4 215 465 | 4 411 721 |
| Total Long-term debt | 4,315,465 | 4,411,721 |
| Less: current portion | (95,795) | (94,203) |
| | \$ 4,219,670 | \$ 4,317,518 |

Future principal payments are as follows for the year ended June 30:

| Year | Principal | |
|------------|--------------|--|
| 2024 | \$ 95,795 | |
| 2025 | 105,841 | |
| 2026 | 100,340 | |
| 2027 | 103,435 | |
| 2027 | 106,303 | |
| Thereafter | 3,803,751 | |
| Total | \$ 4,315,465 | |

Interest expense for the years ended June 30, 2023 and 2022 was \$133,375 and \$147,678 respectively. The loan agreements contain various covenants, which among other things place restrictions on IHCSCV's ability to incur additional indebtedness and require IHCSCV to maintain certain financial ratios. IHCSCV was in compliance with these requirements as of June 30, 2023.

Note 9: Deferred Revenue

Deferred revenue consisted of the following at June 30, 2023 and 2022:

| | 2023 | | 2022 | | |
|-------------------|------|-----------|------|-----------|--|
| Sierra Foundation | \$ | - | \$ | 79,148 | |
| IHS Funding | | 1,947,904 | | 2,975,987 | |
| Other | | 60,000 | | - | |
| Total | \$ | 2,007,904 | \$ | 3,055,135 | |

Note 10: Net Assets with Donor Restrictions

Net assets with donor restrictions were comprised of the following programs at June 30, 2023 and 2022:

| | 2023 | | | 2022 |
|--------------------------------|------|---------|----|-----------|
| Palo Alto Medical Foundation | \$ | 38,085 | \$ | 93,087 |
| Silicon Valley Community Found | | - | | 34,100 |
| County of Santa Clara | | 312,291 | | 1,493,945 |
| Health trust | | 104,213 | | - |
| Other | | 85,498 | | 18,835 |
| Total | \$ | 540,087 | \$ | 1,639,967 |

As net assets with donor restrictions are expended, the net assets released from restrictions are recognized as revenue without donor restrictions. As of June 30, 2023 and 2022 net assets released from donor restrictions consist of the following:

| | 2023 | 2022 |
|------------------------------|--------------|---------------|
| Palo Alto Medical Foundation | \$ 170,003 | \$ 86,913 |
| Health Trust | 45,786 | - |
| County of Santa Clara | 2,702,874 | 371,215 |
| Other | 53,487 | 127,888 |
| Total | \$ 2,972,150 | \$ 586,016 |

Note 11: Pension Plan

IHCSCV maintains a 401(k) pension plan ("Plan") covering all employees who are eligible to participate in the plan. All regular employees who have completed 60 days of service are eligible to enroll in the Plan on the first day of the month following eligibility. An eligible employee may contribute up to a maximum of 100% of compensation subject to the maximum dollar limit determined by Internal Revenue Service each year. The Plan provides for a match of 100% up to 3% of compensation and 50% between 3% and 5% of compensation. The match is fully vested immediately. IHCSCV contributed \$499,716 and \$559,716 for the years ended June 30, 2023, and 2022, respectively, accounted for in employee benefits.

Note 12: Malpractice Insurance

IHCSCV as an eligible Federally Qualified Health Center (FQHC) is covered under the Federal Tort Claims Act (FTCA) through submission of an annual renewal requiring application to the U.S. Department of Health and Human Services, Health Resources and Services Administration, Bureau of Primary Health Care. IHCSCV, their employees, and eligible contractors are considered federal employees for medical malpractice claims while acting within the scope of their employment. In addition to coverage under the FTCA, IHCSCV insures privately for professional liability coverage for any claims that may not be covered under FTCA. Under the policy, insurance premiums cover those claims asserted within policy limits. Management does not believe there are any material uninsured malpractice costs at June 30, 2023.

Note 13: Commitments and Contingencies

Risks and Uncertainties:

Future funding for IHCSCV's program is contingent upon the availability of funds from Federal, State, County and other sources, as well as the operating performance of the programs.

IHCSCV has received Federal, State, and County funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, management does not anticipate any material questioned costs for the contracts and grants administered during the period.

The health care industry is subject to numerous laws and regulations of Federal, State, and local governments. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. These laws and regulations include, but are not limited to, accreditation, licensure, and government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in exclusion from government health care program participation, together with the imposition of significant fines and penalties, as well as significant repayment for past reimbursement for patient services received. While IHCSCV is subject to similar regulatory reviews, there are no reviews currently underway, and management believes that the outcome of any potential regulatory review will not have a material adverse effect on IHCSCV's financial position.

Note 14: Contingent Grant Expenditure Adjustments

Grants and contracts require the fulfillment of conditions, as set forth in the terms of the grant or contract agreements, and are subject to audit by the grantor. Failure to comply with these conditions could result in the return of funds to the grantor. Although this is a possibility, IHCSCV believes that it has complied with the conditions of the grants and no significant liabilities are expected to result from an audit.

Note 15: Liquidity and Availability of Resources

As part of IHCSV's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

Patient accounts receivable, grants and contributions receivable and other receivables consist of amounts expected to be received within one year from June 30, 2023. These receivables will be available to support general operations of IHCSCV.

The following is a quantitative disclosure which describes financial assets available as of June 30, 2023 and 2022 to fund general expenditures and other obligations for one year:

| | 2023 | 2022 |
|---|---------------|---------------|
| Cash and cash equivalents | \$ 4,924,261 | \$ 22,768,416 |
| Investments | 937,468 | 935,117 |
| Patient accounts receivable, net | 12,157,969 | 1,610,447 |
| Grants and contributions receivable | 1,548,999 | 1,105,897 |
| Other receivables | 564,279 | 1,604,341 |
| Total financial assets | 20,132,976 | 28,024,218 |
| Deferred revenue | (2,007,904) | (3,055,135) |
| Net assets with donor restrictions | (540,087) | (1,639,967) |
| Financial assets available to meet cash needs for general | \$ 17,584,985 | \$ 23,329,116 |
| expenditures within one year | | |

In addition to financial assets available to meet general expenditures over the next 12 months, IHCSCV operates with a balanced budget and anticipates collecting sufficient patient service revenue to cover general expenditures not covered by grants or donor-restricted resources.

Note 16: Leases

IHCSCV has operating leases for clinics, corporate offices, and certain equipment. The leases have remaining lease terms of 1 year to 5 years, some of which include options to extend the leases for up to 5 years, and some of which include options to terminate the leases within 1 year. IHCSCV elected the short-term lease practical expedient related to leases that are 12 months or less.

Leases for clinics typically include multiple optional renewal periods. Upon opening a new clinic location, IHCSCV typically installs leasehold improvements with various useful life. Due to the specialized nature of clinic space and leasehold improvements installed, Management concludes that it is reasonably certain that a renewal option will be exercised, and thus that renewal period is included in the lease term, and the related payments are reflected in the right of use asset and lease liability.

Note 16: Leases (Continued)

Each operating lease includes fixed rental payments, however, it is common for the lease payments to increase at pre-determined dates based on the change in the consumer price index. IHCSCV's operating leases are comprised of both gross leases and net leases, in which separate payments are made to the lessor based on the lessor's property and casualty insurance costs and the property taxes assessed on the property, as well as a portion of the common area maintenance associated with the property. IHCSCV has elected the practical expedient not to separate lease and non-lease components for all building leases

During the years ended June 30, 2023 and 2022, total lease expense was \$890,230 and \$1,021,830, respectively. During the years ended June 30, 2023 and 2022, the following were the cash and non-cash activities associated with IHCSCV's operating leases:

| | 2023 | 202 | .2 |
|---|--------------|-----|----|
| Cash paid for amounts included in the measurement of lease liabilities: Operating cash flows from operating leases | \$ 672,774 | \$ | - |
| Non-cash investing and financing activities: Right-of-use assets obtained in exchange for lease obligations | \$ 2,395,515 | \$ | - |

As of June 30, 2023, the weighted-average remaining lease term for all operating leases is 3.1 years. Because IHCSCV generally does not have access to the rate implicit in the lease, TVHC utilizes the incremental borrowing rate as the discount rate. The weighted average discount rate associated with operating leases as of June 30, 2023 is 4%

The future payments due under operating leases as of June 30, 2023 are as follows:

| 2024 | \$ | 823,795 |
|--|------|-----------|
| 2025 | | 520,283 |
| 2026 | | 240,556 |
| 2027 | | 247,773 |
| 2028 | | 104,506 |
| | 1 | ,936,913 |
| Less effects of discounting | | (118,455) |
| Operating lease liabilities recognized | \$ 1 | ,818,458 |

As previously disclosed in IHCSCV's 2022 financial statements, and under ASC 840, future minimum lease payments required under noncancelable lease agreements as of June 30, 2022 are as follows:: \$512,334 in 2023; \$426,812 in 2024; and \$278,919 in 2025. Rent expense was \$1,021,830 and \$1,032,157 for the years ending June 30, 2022 and 2021 respectively.

Note 17: Functional Expenses

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include depreciation, interest, and facility costs, which are allocated on a square-footage basis, as well as salaries and benefits, which are allocated on the basis of estimates of time and effort. Expenses for the years ended June 30, 2023 include:

| | Program Services | | | | | | |
|-------------------------------|---------------------|--------------------|-----------------------|------------------------|------------------------|------------------------|---------------|
| | Medical Services | Dental Services | Nutrition Services | Counseling Services | Total Program Services | Management and General | Total |
| Salaries and wages | \$ 12,275,432 | \$ 2,288,033 | \$ 525,484 | \$ 3,096,276 | \$ 18,185,225 | \$ 3,392,921 | \$ 21,578,146 |
| Employee benefits | 2,434,997 | 512,509 | 100,412 | 600,136 | 3,648,054 | 725,276 | 4,373,330 |
| Payroll taxes | 887,328 | 164,304 | 38,198 | 208,179 | 1,298,009 | 224,463 | 1,522,472 |
| Total personnel expenses | 15,597,757 | 2,964,846 | 664,094 | 3,904,591 | 23,131,288 | 4,342,660 | 27,473,948 |

Indian Health Center of Santa Clara Valley Notes to Schedule of Expenditures of Federal Awards For the year ended June 30, 2023

Note A: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") summarizes the expenditures of Indian Health Center of Santa Clara Valley ("IHCSCV") under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of IHCSCV, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows for IHCSCV.

Note B: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. IHCSCV elected not to use the de minimis cost rate because it has a negotiated indirect cost rate in place.

Healthcare Audit, Tax & Consulting Services

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

Board of Directors Indian Health Center of Santa Clara Valley San Jose, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Indian Health Center of Santa Clara Valley ("IHCSCV"), which comprise the balance sheets as of June 30, 2023 and 2022 and the related statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated March 1, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered IHCSCV's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of IHCSCV's internal control. Accordingly, we do not express an opinion on the effectiveness of IHCSCV's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of IHCSCV's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether IHCSCV's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of IHCSCV's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IHCSCV's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

March 1, 2024

Healthcare Audit, Tax & Consulting Services

Report on Compliance For Each Major Federal Program And Report on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditor's Report

Board of Directors Indian Health Center of Santa Clara Valley San Jose, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Indian Health Center of Santa Clara Valley ("IHCSCV") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of IHCSCV's major federal programs for the year ended June 30, 2023. IHCSCV's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, IHCSCV complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States ("Government Auditing Standards"); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of IHCSCV and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of IHCSCV's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to IHCSCV's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on IHCSCV's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about IHCSCV's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding IHCSCV's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of IHCSCV's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of IHCSCV's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
